Built in 1948, Arrow Rock "Colored" School is a simple gable end brick building laid out on an irregular plan. On the exterior, the structure retains much of its original appearance, including the original porch and gable awning with triangular knee brackets and six-over-six windows (five on west side and two flanking entrance door). The interior is divided into rooms as part of a later renovation.
### Eligibility Assessments

**State of Missouri**
**Department of Natural Resources**
**Preliminary National Register of Historic Places Eligibility Assessment**

#### Eligibility Criteria

- **Affected historic material(s):** Foundation
- **Construction method:** 
- **Condition:** 
- **Significant architectural structure:** 
- **Architectural styles:** 
- **Historic significance:**
- **Recent changes:** 
- **Additional information:**
- **Documentation enclosed:**
- **Address:**
- **Telephone:**
- **Sketch or plan:**
- **Additional information:**
